Sylvan Lake Regatta  
a Great Success

Probably the first regatta ever held in the Province of Alberta was pulled off at Sylvan Lake on July 11th and 12th, and the Committees of Sylvan Lake and Red Deer who had charge of the regatta are to be highly complimented on the success of their initial effort in the way of water sports. Sylvan Lake had, without doubt, the greatest crowd of visitors in its history, the people flocking in from every direction in autos and rigs, particularly on Saturday. Red Deer citizens turned out in great numbers, and had it been any other day but Saturday, Red Deer itself would have been deserted altogether. There is no doubt that if an annual regatta is held, that it will grow to be one of the best yearly attractions in the province, and people will come from every direction. The citizens of the Lake worked very hard to make the village look attractive. Nearly every building was decorated with evergreens, flags and bunting, and stretch across the road in front of Williams' Hotel was a great streamer with the word "welcome" that could be seen a mile away. The sidewalks had been cleaned all along the water front, making it easier for the water front, making it easy for people to get about, and the road also graded. The pier, extending into the water about 200 feet, was fixed up with uprights and cross pieces, forming arches, and all decorated with evergreens and flags and bunting, making a great attraction. The weather kept very nice till about four o'clock in the afternoon, enabling the committee to pull off nearly all the events set out on the programme. Friday was a quiet day, with a few running races, and two basketball games. Sylvan Lake and Rainey Creek played the first game, the Lake winning by 4 to 3. The second game, between Leslieville and Sylvan Lake, was a good one, Leslieville having a real good team and putting it over the Lake by 9 to 5. A dance was held at night in Russell Hrenan's hall, which was well patronized. Saturday, the big day, opened fine, with bright sunshine, and a start was made with the programme about 10.30. The beach shore was lined with spectators, who all had a first class view of all that took place. No doubt another year the committee will see their way to arrange a line of seats for the accommodation of the ladies, and thus prevent a certain amount of crowding on the pier. The boat racing was of a high character, nearly all of the competitors showing themselves to be experts with oar and paddle, and making it a fine none of the boats are built for racing, the time made was very good. Messrs. Welliver, Cunningham and Malhot took charge of the events, with Mr. Webster of the Bank of Commerce, acting as Secretary. Messrs. C. J. Rutter, Godden, Jarvis and Simpson were working very energetically in every direction. Mayor Gahraith, Mrs. J. A. Carswell and W. H. Hadley acted as judges of decorations, having a hard task in dividing on first prize. The regatta getting rough, prevented a number of the swimming events taking place, also preventing Red Deer and Leslieville playing a baseball game in the evening. Leslieville and Sylvan Lake played in the afternoon, with Dr. Washington pitching for the Lake team, but he received very little support, so that Leslieville again won by 9-2.

The Webb Family  
at the Empress

The Empress Theatre was packed to its utmost capacity on Thursday last to hear the Webb family, who are just out from England. Their first performance, and on making their appearance on the stage they were given a real hearty welcome, and at all stages of their programme were received with applause. Red Deer citizens were not slow to appreciate 'em. Mr. Farster is to be commended for his enterprise in putting such a musical show in front of his patrons, and at the regular prices, too. Mr. and Mrs. Webb have for years been musicians of note, and this is two daughters, Miss Gladys and Miss May, have made themselves a name in the musical world not easily forgotten. Miss Gladys Webb holds the special certificate of the Royal Academy of Music, London, England, and Miss May Webb the special certificate of Trinity College, London, England, the two highest musical centres in England. The Misses Webb first appeared before the public at the age of four years, playing piano, auto harp, banjo and such like. Red Deer has already a number of high talented musicians, and the Webb family will be a very welcome addition. The programme as presented was of a very high class, and it is worthy of note that Mr. Farster has engaged the two Miss Webbs to strengthen his orchestra, which is composed of ladies, with Miss Gladys Webb as leader. He intends to lead in many and deserves every support. The following is the programme carried out by the Webbs: Piano solo, "Fantasia," Miss Gladys Webb; mandolin quartet, "Victoria," Webb family; one-string violin, selected. Mr. Webb; fairy bells, piano, two guitars, Webb family; banjo quartette, "Dunkles," Webb family; bone solo, piano accompaniment, Mr. Webb; double violin and cello, "De. Frie-chutz," Misses Webb; musical monies, mandolin and piano, Mr. and Misses Webb; concertina solo, Miss Gladys Webb; mandolin quartette, "De Pierettes," Webb family.

Red Deer Tennis Club

The second annual tournament of the Red Deer Tennis Club started on July 11th with ladies' singles and gentlemen's singles.

**LADIES' 1st ROUND.**  
Miss Grant v. Miss Cunningham.  
Mrs. J. E. Cunningham v. Mrs. J. C. Moore.  
Mrs. S. F. Gastrell v. Miss Mollie George.  
Miss Quize v. Miss Yonmans.  
Miss Green v. Miss McLennan.  
With a bye for Miss Ross, Miss Elbert and Miss Lamb.

**GENTLEMEN'S 1st ROUND.**  
E. G. John v. H. P. Doughty.  
H. L. Seymour v. E. T. Seymour.  
J. G. Gillespie v. R. Brownhill.  
W. Paterson v. L. A. Bennett.  
J. E. Cunningham v. A. W. Wilson.  
A. S. B. Scott v. C. H. Chapman.  
W. B. George v. H. Wallace.  
W. J. Hyde v. R. L. Webster.  
With a bye for A. R. Woods, L. Page, C. T. Heston, A. C. Lee, C. Moore, T. R. Caldwell, H. J. King and S. F. Gastrell.

The first round will be completed on the evening of July 17th. There will be two cups, one for the winner of the ladies' singles and one for the winner of the gentlemen's singles. These cups are being presented by W. J. Hyde, of the Bank of Montreal, and will be put up for competition every year at the annual tournaments, and will be competed for by members of the Red Deer Tennis Club only. Other contests are being arranged, such as ladies' doubles, gentlemen's doubles, mixed doubles, for which trophies will be given, and it is expected there will be lots of excitement on the courts for the next few weeks.

THE BOY SCOUTS.

Both troops fall in at the school on Saturday at 2 o'clock. Uniform without bayonets and billy can be worn. Bring slaves.

North Red Deer  
Court of Revision

The Council of North Red Deer sat as a Court of Revision on Monday evening, all the members present: Reeve Kent in the chair.

The following is the list of applicants and the decision of the Court of Revision regarding this year's assessment:

Wm. H. Rich re. 2 acres in Fairview—Assessment confirmed.

Caesar Hughes—Assessment confirmed.

G. W. Gorman—Assessment confirmed.

Mrs. A. C. Mills—Assessment confirmed.

Mrs. Charlotte E. Alford, assessment confirmed.

Mrs. E. M. Thornhill—Assessment reduced from \$200 per lot to \$155 per lot.

Red Deer Orangemen  
At Edmonton

Some fifty members of the Star of the North Lodge of Orangemen left Red Deer on the special train from Calgary to take part in the annual provincial celebration of the Orange Lodges of Alberta on July 12th at Edmonton. The weather was glorious throughout the day, and the colors of the regalia worn looked brilliant in the sunshine. The parade was a splendid success, the animation of the men and the music from the different bands impressed the people with the standing of the Orangemen in this country, the parade being reported to be the best ever held in the city of Edmonton. Prior to the sports, a meeting was held in the exhibition grounds, with ex-Mayor Armstrong, the Junior Deputy Grand Master presiding over an audience of fully five thousand people. Addresses were given by Mayor Short and others, including William Piper, of Red Deer, Grand Master of the Order, who made a rousing speech, full of encouragement. Past Grand Master Crandell, in a speech full of good for the order, said his sympathies were with the men of Ulster, and all Orangemen must inevitably be against the Home Rule and the men in Ireland were probably in the best position to know what to expect from a Parliament composed of Roman Catholics.

July Rod and Gun

July issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont., is out with an interesting and appropriate list of contents. The illustrations in this issue are particularly clear and well placed from the cover cut, which depicts a typical old fisherman, on throughout the issue, which reproduces outdoor life in the various Canadian provinces. By Canoe and Portage in the Northern Wilderness. The Call of the Streamless Life. Fishing in the Kootenays. Fishing off the Coast of Newfoundland, are some of the leading articles, while thoughtful sportsmen will be interested in the note by E. R. La Fleche's arrangement of the Ontario and Quebec Inter-provincial Fish and Game Laws. The regular departments are well maintained and the issue a good one for the summer sportsman's reading.

C.P.R. Officials in Red Deer

Geo. T. Bury, vice-president of the C.P.R., and party, were in Red Deer on Friday last on a tour of inspection. The party consisted of Geo. T. Bury, wife and daughter, Mr. Tren, Mr. Alexan, Mr. Glasford and Mr. Gordon, trainmaster. They were met at the depot by a number of Red Deer citizens, including Mayor Gahraith, G. W. Greene, E. Michener, M.P.P., R. L. Gaetz, R. B. Welliver, W. E. Lord, and others, with motor cars and taking round the city and district. The whole party expressed themselves as being delighted with our city and beautiful scenery, and appreciated the drive to the fullest extent.

Thirteenth Synod of Calgary Diocese Opens

Calgary Herald, June 15th.

The thirteenth meeting of the Synod of the Anglican diocese of Calgary commenced this morning, with a large congregation of lay and ecclesiastical delegates, and their friends, attended the celebration of the holy eucharist in the pro-cathedral of the Redeemer, and a short address was given by the Rev. Itabone Hartley, honorary canon of Manchester cathedral. The service was conducted by the Right Rev. Cyrian Pinsham, D.D., Lord bishop of the diocese, who was assisted by the Ven. Archdeacon Hoshin, Ven. Archdeacon Tims, Ven. Archdeacon Gary, Rev. Canon-Murriel Wright and McMillan, Revs. J. G. Broule, M.A.; T. G. Heston, M.A.; M.A., rector of St. Stephen's church, Toronto; C. W. E. Horn, M.A.; T. L. Bruce, M.A.; Gervase Gale, M.A.; E. E. Winter, M.A.; H. M. Shore, B.A., rector of St. Mary's church, on the outlying parts of the diocese.

At 10 o'clock matins were sung in the pro-cathedral, at which, in the place of the senior, the bishop, as president of the synod, delivered his annual address. The members of the synod assembled in the Paget hall at 9.45, the clergy being fully robed, and marched in procession to the cathedral, entering by the east door. First came the deacons, followed by the priests in the order of precedence; they were followed by the archdeacons, after whom came the Rev. C. P. Hayes, domestic chaplain to the bishop, carrying his episcopal pastoral staff.

The bishop, who was fully robed in his episcopal robes and wearing the brilliant scarlet hood of a doctor of Divinity and the robes of a bishop, presided over the session. After his lordship had been conducted to his throne in the sanctuary passing between the lines of his clergy, the service commenced.

BISHOP'S ADDRESS.

His lordship's address was to the full text of the bishop's address over, a few salient points were worthy of mention. After dwelling on the immense size of the diocese and the increasing difficulty in adequately ministering to the scattered population, his lordship paid a warm tribute of appreciation to the clergy who were ministering to the wants of the people located in far away districts. His lordship also paid a warm tribute to the late Rev. G. G. Edwards, who, after laboring in the diocese for nine years, died on his way to England, while he was going to recuperate.

The bishop then discussed the death of the clergy and mentioned the fact that last year, although an appeal was sent out broadcast for men, only a few answered the call. It was a sad fact, but nevertheless true, that many of those who accepted the offer of the bishop, only remained in the work for a few months or some time—years. At this point of the address, the bishop provided for training of young men for the ministry. It has therefore been decided to erect as soon as possible on the Bishop's Park estate other grounds a divinity house or hostel for the principal of the college and at least six divinity students, so that the work of training our own candidates for the ministry may go forward.

SECONDHAND STORE

A large assortment of New and Secondhand furniture always on hand:

Ranges, Cook Stoves, Oil Stoves, Crockery, Cooking Utensils, Cutlery, Beds, Springs, Mattresses, Chairs, Tables, Couches, Carpets, Rugs, Portiers, Harness, Collars, Horse Blankets, Sideboards, Chiffoniers, Dressers, Scales, Wagon Seats, Shovels, Blankets, Quilts, Pillows.

## SHAKE-UP AT LAND TITLES OFFICE

### Eight Dismissals; Books Disappear

From Calgary, Alberta, July 10th. Following the dismissal of eight employees of the provincial government land titles office here yesterday afternoon, after an investigation by provincial and city detectives into the mysterious disappearance of eight cash books, dating from the year 1906, and the sum of \$74 which was stolen from the cash box at the office, sensational rumors are rife all over the city.

The eight men who ceased their connection with the land titles office yesterday are named Barrieux, Dufresne, Burdette, Phelps, Herdman, Edridge, Sawyer, and Wilson, and although several of them have been taken down to police headquarters on several occasions during the past few days, and have been interrogated by Chief of Provincial Detectives Nicholson and his men, all deny all knowledge of the disappearance of either the cash books or any sums of money. The cash books, which were disappeared from the neighborhood of 40 pounds each, and, although these in authority have refused to deny or affirm the story, it is stated that the charred backs of these books have been found in the furnace at the land titles office.

### RUMORS OF SHORTAGE.

Back of the whole mysterious disappearance of the books and the investigation by the city and provincial authorities, are rumors of a sale misappropriation of funds which led to the calling in of provincial auditors. The office staff were notified that the auditors were coming in, and all the cash books were taken from the vaults and placed in readiness for the work of checking up. This was done on a Wednesday, and two days later all the cash books had disappeared. This occurrence took place over three weeks ago, and although the members of the staff were not generally aware of the fact, detectives were immediately placed at work on the case. Mingling with the office staff, working day by day with some of them, and accompanying them both during and after business hours, the provincial detectives employed on the case have had several members of the staff under

der surveillance for weeks. Some of the men among those who were dismissed yesterday are complaining bitterly about the manner in which they have been treated, and while it was at first intended to have no arrests in connection with the matter, it may yet result in several of those suspected being placed in the cells.

The fact that the men dismissed at the present time, when money and books are missing, and when there is a suspicion that grafting has been carried on for years, and that big sums have been converted to the use of employees of the office, means that we are practically forced to leave this part of the country," said one of the men last night. "Personally I would like to be arrested and cleared of the charges, if there are any charges, but I do not think it is fair to allow the men to dismiss them at this time without a full and proper investigation."

### OFFICERS NON-COMMITTAL.

The officials of the land titles office, while admitting that books and money have been stolen, and that detectives have been investigating the matter, state only that the men have been dismissed for cause. They refuse to say that any of those dismissed yesterday were dismissed for anything in connection with this matter, and, according to the men themselves, the cutting down of the staff, and in some instances their personal habits after business hours, was the only reason given for their being summarily dismissed. Other dismissals are also said to be pending, but nothing revealing these could be learned last night. Altogether it is stated that about nineteen names have been submitted to the authorities, and that there will be this number of vacancies in the land titles office here in the near future.

Chief of Police Cuddy also refuses to discuss the matter, as no arrests have been asked for. Chief Detective Nicholson, of the provincial detective department, is now one of the city, but a number of his operatives are still carrying on the work of investigation, and further developments are expected today.

## Liberal Attack on Railway Commission Just Partizan Nonsense

### WESTERN RATE CASE HAS RAPIDLY PROGRESSED

When the House was in session a violent attack was made on the Government because the Railway Commission, it was claimed, has not moved faster in its investigation into the western freight rates case. It was even insinuated that the Government counsel was doing all possible to delay progress. The Liberal members who were responsible for the attack disclaimed that they were attacking the Railway Commission, although no such interpretation could be put upon their words.

### JUST USUAL THING.

However, developments since the House closed show how ridiculous and how partizan was the attack. The Railway Commission held a sitting in June when the government counsel outlined their case. Instead of delaying matters it was found out that they had been exceedingly indiscreet and through expert rate men who had been engaged, almost two years' work had been crowded into six months. Briefly, their stand was that the cost of carrying freight should be based on the cost of transportation, and on this line of reasoning they built up their case and presented an enormous amount of figures to show why rates should be reduced. In order to complete exhibits and to give the railways time to make reply, a nine weeks' adjournment was allowed, though Chairman Drayton in making the adjournment made it plain that he wanted no unnecessary delay and the case must be pushed to a rapid conclusion.

### TWENTY PER CENT. HERE.

Incidentally, it is interesting to note that on July 1 there went into effect new express rates, which will give for the West a reduction of no less than twenty per cent, and which are as a result of an order issued by Chairman Drayton of the commission, appointed by the Jordan Government. This is the first substantial rate reduction the west has ever secured, and the credit is all due to the Jordan Government and Chairman Drayton appointed by the present administration.

### LOWER COST OF LIVING.

Just how valuable the new rates will be to Western Canada cannot very well be estimated in advance, but it is believed that the reduction of approximately twenty per cent. will go a long way towards reducing the cost of living, as eggs, butter, milk and fruit will now be shipped for that much less. One company alone it is said will lose \$250,000, which may be made up by increased sales.

The western reductions will also result in a decrease in the cost of express shipments from Eastern Canada to the far West, as the consumer will get the advantage of the reduction in rates from Sudbury west.

### HOW IT WORKS OUT.

For instance, from Montreal to Saskatoon the present rate on a hundred pounds is \$7.25 and under the new rate it will be a dollar less, or \$6.25. The rate from Montreal to Saskatoon—  
10 lbs.—\$1.20 \$1.15  
20 lbs.—1.50 1.45  
30 lbs.—2.00 1.85  
40 lbs.—2.50 2.35  
50 lbs.—3.00 2.85

## Liberal Press Approves Appointment of Meighen

### MANITOBA FREE PRESS SAYS APPOINTMENT IS WELL MERITED. HIS RISE BEEN RAPID

The Liberal press has had nothing much longer parliamentary experience than good words to say of the appointment of Hon. Arthur Meighen, M.P. for Portage la Prairie, as Solicitor-General. The Manitoba Free Press, the Liberal organ for Western Canada, says:

"Arthur Meighen's appointment as Solicitor-General is well-merited, and will be well-received by the public generally. He has won the position by his talents, despite the handicaps that Manitoba is already over-represented on the treasury benches; and the fact of very few back benches, found him one of the most

able and energetic of the present generation. His rise to the position of Solicitor-General has been very rapid, and it is not surprising that the public should be so well-satisfied with his appointment. He is a man of high character, and his appointment is a great credit to the Government."

accomplished parliamentarians of the House whose services were indispensable to the ministry."

### HERE IS ANOTHER.

The Vancouver Sun, the Liberal organ of the coast, also adds: "It will be generally conceded, we think, that Premier Borden has made an excellent selection in his choice of Mr. Arthur Meighen as Solicitor-General of Canada."

## Putting the Country "On the Hog"

### (The Homestead.)

H. C. McCallum, general live stock agent of the C.P.R., has some interesting statistics to prove that the province of Alberta is rapidly becoming a hog raising section. In March, 1906, the number of hogs shipped on the Alberta division of the Canadian Pacific totaled 1,940. In April, the same year, the number reached 2,080. In March, 1913, seven years later, the number handled by this branch was 21,400, and in April last, 22,400. If one will now kindly arise and tell us why the pig-raiser has been a detriment to the country by keeping the market down for the farmer, or story will be complete. Alberta has started in to raise hogs because there is and has been an excellent market for this class of live stock, and this market has been bettering all the time as more packing houses were built, more people came into the country to consume the products and the farmers became educated as to what class of hogs to market. Again, the province is situated far enough from the big grain markets to get the worst of it in grain raising and marketing at Winnipeg, the farmer having to stand something like ten cents or more per bushel for freight and handling charges, for each bushel of grain he ships away. This situation has been a blessing in disguise, as it has literally forced farmers to feed hogs who otherwise would not think of carrying a ship load. The work of the provincial government in running its live stock and mixed farming demonstration station at Lethbridge, Commissioner Stevens' butchering schools and pig pen demonstrations, all these factors have had a strong influence in setting the tide toward the pig pen. From the number of large ventures in hogs that have come to our personal attention this year, together with the building and planning of more packing houses, we predict that another seven years will find almost as big a jump in freight handling of hogs by the C.P.R. as well as the other railways in Alberta. There are several influences at work—the most important of which is the making of more money from each acre of farm land—that are putting the country "on the hog train."

### New York's Fallow Land

Within one hundred miles of New York City there are more than ten millions of people—the greatest concentration of people in the world. Yet everywhere the bulk of the land is unoccupied and unimproved. Land within one hundred and seventy miles of New York can be bought for \$5 to \$10 an acre.

There is little land within fifty miles of New York City which by scientific agriculture would feed all of our people. The fallow lands on Staten and Long Island and the vast lots within the limits of New York City could, by intensive truck methods, feed our city population so far as eggs, poultry, vegetables and fruits are concerned.

In a ground ten feet by ten the schoolboys in Philadelphia have cultivated vacant lots and sold off stuff for \$5.00—\$2.00 the acre. That beats preaching!—Hew. Madison C. Peters, in New York World.

## Synopsis of Canadian North-West Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties—Must reside upon the homestead for six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter in a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY, Deputy of the Minister of the Interior.

RED DEER

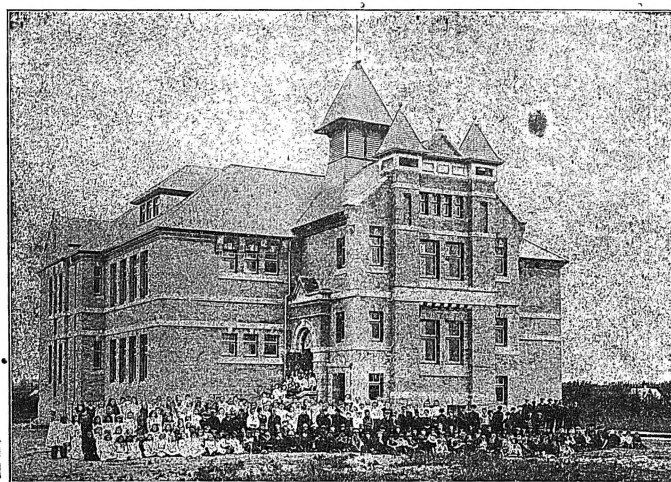

# RED DEER--An Educational Centre

If there is one thing more than another which attracts the attention of visitors and newcomers to Western Canada and impresses them most deeply with the great future before this country it is the splendid school buildings which adorn the cities and towns, and the generous provision made for elementary and secondary education. Westerners appreciate, perhaps, more than many others, the inestimable advantages of giving boys and girls a good start in life with a good education. The progress of the age lays an increasingly heavier handicap on the young people whose early education is neglected--they can surmount the handicap of poverty, ill-health, want of friends, and so on, but the lack of education will cause them mortification to the end of their days.

Red Deer has been called by some "the educational centre of Alberta"--not because of its numbers, but because of the high intelligence of its citizenship and the splendid educational facilities which its people enjoy. Its elementary and secondary schools, its boarding school and Ladies' Colleges draw students from all over Central Alberta and extend and supplement the thorough foundation work of its public and high schools.

## Public Schools

Red Deer has never been backward in its provision for public and high school education, and its school attendance has grown the past three or four years at the rate of 25 per cent each year, compelling the School Board to build additional two-roomed schools in North Red Deer and South Red Deer, and to rent the Parish Hall, as well as filling up the former buildings to the limit. The Board is facing the erection of an adequate high school building when the money conditions improve.

ONE OF RED DEER'S PUBLIC SCHOOLS

## High School

The increase in the High School work is one of the several gratifying features of the school development, pupils coming from all over the district, and from as far south as Olds and Didsbury, owing to the deservedly high reputation which Principal McKenzie and his staff have given the high school. Four teachers will take the work there after the summer holidays. Special systematic training in drawing and singing has been added to the last school year. The results of the Provincial Department examinations testify to the thoroughness of the public and high school education given at Red Deer.

## ALBERTA LADIES' COLLEGE

In response to a need acknowledged on all sides, the Alberta Ladies' College has been founded, erected and equipped as a residential school for the education of girls and young women of the West. The college site is unsurpassed in the province. It comprises about thirty acres of land, within the city limits to the East. With the Rocky Mountains visible to the West and the Red Deer river winding at the foot of College Heights, the view presented is a most charming one.

The building is new and the equipment first-class in every respect. The building itself is large and commodious, being constructed of steel and pressed brick, with stone facings. It is heated with steam, lighted with electricity, and provided with all modern conveniences for health and comfort.

Accommodation is provided for eighty students in residence. Each room, with few exceptions, is large enough for two students, each occupying a single bed. The Boyle system of ventilation connects with all rooms. Bath rooms and lavatories are on each flat. The building is maple floored throughout.

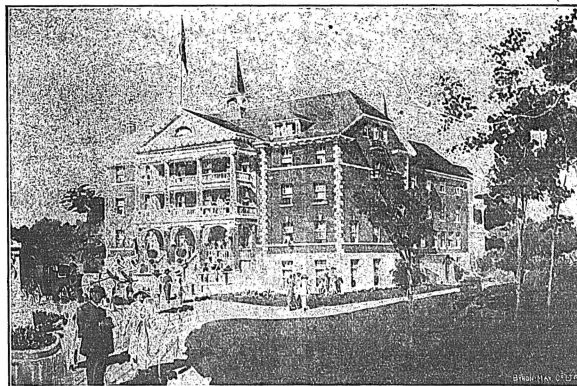

The college is dedicated to the cause of Christian education. Though founded under the auspices of the Presbyterian church of Alberta, it is non-sectarian in its management, staff, spirit, methods and work. The aim is to cherish a broad spirit of catholicity and to exclude denominational bias from the classroom. The college is built for the girls and young women of the West, irrespective of denominational preferences.

The staff is a strong one, great care having been exercised in the selection. The President, Lady Principal and teachers in the various departments are people of Christian character, culture, and high ideals, and bring to their work years of successful experience.

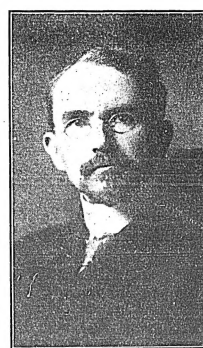

MRS. J. MULDREW  
Lady Principal, Alberta Ladies' College

The curriculum is comprehensive. It aims to cover, as far as possible, the work prescribed for the public and high schools of the province, and in addition, to give thorough training in the following special departments: Music--Piano, voice and Violin; Domestic Science and Art; Commercial Department; Fine Art; School of Expression and Physical Culture.

ALBERTA LADIES' COLLEGE

The fees, considering the high-class character of the whole equipment and the quality of the work done, are most moderate, being only \$340 per annum for board, residence and tuition in the academic work. The fees for the extra subjects, such as Music, Art, Domestic Science and Commercial subjects are also quite reasonable.

REV. N. D. KEITH, B.D., M.A.  
President, Alberta Ladies' College

## ST. JOSEPH'S CONVENT

On the North side of the Red Deer river, on one of the most beautiful hills that form the outskirts of the city stands St. Joseph's Convent. It was erected five years ago as a boarding school. The location of the Convent is most attractive, with its splendid view of Red Deer, and its large playgrounds.

The institution is conducted by the Sisters of Wisdom, whose Mother House is in France, with one of its principal branches in Ottawa. The Order already counts about thirty Academies and Hospitals in Canada and United States. The growth of the Convent has been so rapid that last year another wing had to be added to the original building. The actual number of boarders is fifty, and it is probable the necessity of adding another wing will presently show itself.

The course of studies is the same as that of the Public School. Two or three times a year the Inspector visits the classes. The pupils not only take primary or elementary studies, but continue the work of the following grades. Every year some of them try the examinations. The results show a percentage of eighty per cent.

Courses of book-keeping, typewriting and shorthand are given to pupils desirous of entering commercial business later on. Every day a course of French is taken up in all classes, the children being free to learn a language which might be useful to them in their future social relations. Music lessons are cultivated with the greatest care. The Convent is affiliated with the University of Toronto, and a Professor from the University comes every year for the examination of those who have followed the Calendar. Painting lessons are also given in the following: Oil painting, painting in water colors, pastel and China painting.

Needlework has its place on the every-day time table. Mending of clothes comes first, then if desired by the children they are taught different kinds of fancy work.

Children of both sexes are accepted at the Convent, little boys to the age of twelve and girls until their education is finished.

Upon request of the parents the Sisters meet the Children at the station and take them there when they leave. Sometimes the Sisters go to Edmonton or Calgary when called upon to do so by the parents.

## ST. MARY'S APOSTOLIC SCHOOL

In order to secure future priests for their missions in Alberta, the Rev. Fathers of Tinebray have established an Apostolic School where children are taught every branch of the secondary studies. For the course of philosophy as well as that of Theology, students are usually sent to the old countries, where for six years they follow these courses of study under the ablest Professors of the Gregorian University in Rome.

A very great deal of attention is given to the education of the children and under the Rev. Father P. Lamort, B.A., they are trained in a regular method and enjoy an agreeable family life in the school.

Among the Board of Directors of the School are: Rev. Father H. Voisin, M.A., Red Deer; Rev. Father P. Bazin, M.A., of Trochu; and Rev. Father L. Leconte, M.A., L.D., of Castor.

Parents cannot be too careful regarding the facilities for educating the young in such a way as to preserve health and individuality on the one hand, and develop the sterling qualities of mind and character that lead to good citizenship on the other.

Red Deer is a good place in which to live and educate your children.

Red Deer is a good, clean, healthy, modern town.

Red Deer's ideals of citizenship are high.

RED DEER'S SCHOOLS MAKE FOR EFFICIENCY, CULTURE AND CHARACTER.

Remember these are all 1913 Shoes, and broken lines account for their slaughter. So get here early to get the best values.

## A STAR'S UNDERSTUDY

She Played a Star Part After  
All.

By SPENCER L. CLARKE.

Miss Gracella Fernald was under-  
study for the leading actress of the  
Eastern Stock company. Her great  
ambition was to be given an op-  
portunity to show her skill and ability  
as an actress. Night after night she  
stood at the stage door waiting to  
hear if her services were needed, and  
when word was given that Miss War-  
rington was in good health and able to  
appear, she heaved a sigh of disap-  
pointment.

Julian Forsyth had been her de-  
voted admirer since their childhood  
days, but now he craved for something  
more than mere friendship. He had  
little sympathy with her aspiration to  
become an actress. After repeated  
controversies on the subject, he said  
to her: "My love for you is greater  
and more sincere than all the ap-  
plause you will ever receive. Why not  
marry me and be satisfied with the  
career of becoming my adored wife?"

"Marry! I should say not, when  
I have this wonderful chance of pro-  
ving how much better I can act than  
Miss Warrington. I have studied and  
studied the part until I could even  
say it backwards and could act it in  
my sleep."

"Gracella, this is absolutely the  
last time in any shape or manner that  
I will ask you again," said the young  
man with a determined air. "I have an  
offer to go west to investigate some  
farm lands. Shall we go together? I  
hate to think of you here all alone in  
this big city."

"Don't worry about me. I'm fully  
capable of taking care of myself."

"All right," responded Forsyth,  
yearning to take her in his arms, vow-  
ing that he would do his utmost to  
prevent her from receiving fervent  
stage kisses and embraces from some  
stranger before an audience of hun-  
dreds of people.

The following morning Miss War-  
rington received a note from Julian  
Forsyth, asking her to allow him to  
call in regard to an urgent personal  
matter. The messenger boy returned  
with the answer that she would see

"Let Me See If This Ring Fits Your  
Finger."

him at three o'clock the next day.  
Promptly at three he presented his  
card and was admitted into Miss War-  
rington's private dressing room.

"Oh!" she ejaculated, "are you the  
son of Julian Forsyth?"

"Yes, but my father has been dead  
for many years, did you know him?"  
he inquired, wondering at how old  
and haggard she looked now, while in  
the evening from behind the foot-  
lights she seemed young and radiant.

"Please be seated," she said in her  
most charming manner. "You look  
just as your father did years ago, and  
all the applause and glory cannot  
recompense me for the honest, true  
devotion that he offered me, and  
which I scorned and cast aside, daz-  
zled by the glamour of the stage."

When she had finished, Julian con-  
fided to her how similar his father's  
experience was to his own. A long  
silence ensued, for Miss Warrington's  
heart was filled with conflicting emo-  
tions as she reviewed the past, and  
realized that another young girl en-  
deavored to do exactly as she had  
done. Her thoughts were interrupted  
by Julian's voice. "At first I thought  
you might think it presumptuous on  
my part to bother a stranger with my  
affairs, but I'm glad I came now, and  
I hope you will let me come often."

"Certainly. I will always be de-  
lighted to see you. We must be  
friends, and to show that I mean it,  
for the first time I shall be too ill to  
act tomorrow night."

"Thank you for your kind inter-  
est; but what good will that do?"

"Gracella will then have her  
chance. She will also show that she  
isn't at all capable of taking the part.  
When she realizes her failure, no  
doubt if you ask her again at the  
crucial moment she will give up all  
hopes of a stage career."

The stage manager could hardly be-  
lieve his ears when he heard that the  
leading actress was incapable of ap-  
pearing at the evening performance.  
He spent hour after hour trying to  
urge her to make one great effort to  
act. "You know," he insisted, "the

little understudy will spoil the  
whole piece. I never would have en-  
gaged her if I had thought there was  
the remotest possibility of using her  
services. The next time I let my  
sympathies run away with my better  
judgment it won't be my fault."

The only answer she gave was that it was  
utterly impossible for her to leave  
the hotel. Desperate, he sent a tele-  
gram to Miss Fernald, requesting her  
to appear immediately. She thanked  
him, "Hurray, hurrah!" she exclaimed.  
"At last I am going to be a star. For  
one night, and who can tell? Maybe  
forever!"

In great haste she changed her gown, put on her hat  
and cloak, and fairly flew out of the house.  
In a fever of excitement she reached  
the theatre. Just as she was about  
to go to the manager's office she tripped  
on the step and turned her ankle.  
She tried to suppress a scream, but  
the pain was agonizing. Two or  
three persons rushed to her assistance  
and helped her to her feet, and when  
the manager heard of the trouble a  
doctor was sent for instantly. The  
doctor announced that it was a bad  
sprain and probably Miss Fernald  
would not be able to walk for three  
weeks. The manager stood around  
and used all the choice words in  
his vocabulary. Gracella's disap-  
pointment was too keen to give vent  
to in words. She was the picture of  
disappointment. Once again the man-  
ager took up the phone and informed  
Miss Warrington of his dilemma. After  
a brief statement of the accident he  
received the promise that she would  
appear as usual. Her illness  
had miraculously passed.

One of the men assisted Gracella  
to a cab, and she burst into a parox-  
ysm of tears as soon as she was alone.  
When Julian heard of the accident he  
hurried up to the boarding house and  
inquired for Gracella.

"I'm so glad you came, Julian. I  
had no chance and lost it," she said  
mournfully.

"Well, suppose you give me a  
chance this time," he pleaded.

"But your finger!" she re-  
plied, pointing to her bandaged foot.

"I thank the heavens for the ac-  
cident, Gracella. Let me see if this  
finger fits your finger," he said, slip-  
ping a solitaire on her finger.

She smiled. "Perhaps I may after  
all play a star part—with the  
support of the leading man," she said  
demurely.

(Copyright, 1912, by W. G. Chapman.)

Catty Woman.

Over in Brooklyn there's a woman  
who does quite a business in cats. She  
makes considerable pin money out of  
them. Her husband owns several  
apartment houses. A few weeks after  
arrival a new tenant is presented with  
a cat—not a fussed up cat with a yard  
of pedigree, just an ordinary cat  
picked off the street or any place.  
Maybe the tenant doesn't care for cats,  
or that particular kind of cat. But the  
tenant thinks "What a nice landlady,  
what a kind landlady," and takes the  
cat, for the landlady has a very nice  
way with her. In a few days and makes  
quite an impression. The landlady has  
several exclusive cats. They are Per-  
sians and most beautiful. Pretty soon  
she goes to the tenant and suggests  
"matting." "How nice of the landlady,"  
thinks the tenant. Little kittens come  
along and then the nice landlady says  
she'll take 'em all and not give the  
tenant so much trouble. In a little  
while they are sold for \$5 apiece. Once  
in so often thoroughbreds are pro-  
duced. They fetch \$20 to \$30, but in  
between times the mixed bring her  
quite a sum.

Gross Legs in the Car.

A young man and a young woman  
sat near the door of a Columbus ave-  
nue car, the young man having his  
legs crossed and one of his feet stuck  
out so that all who entered or left the  
car wiped their clothes on it, relates  
the New York Press. At 79th street  
the man and his wife got up to leave  
the car. The man stopped before the  
foot-protruding youth, took off his hat  
and said, "if you will kindly take  
your foot down it may be necessary  
for my wife to wipe her dress on  
your shoes." Down came the foot,  
and apparently the most astonished  
young man in New York that particu-  
lar moment was the youth who had  
been rebuked. But a moment later  
there was an even more astonish-  
ing man in that neighborhood. For  
when the man and his wife reached  
the street she said, "Why did you  
trouble to do that? I always give the  
foot of a man like that a good kick  
when I pass it."

Fresh and Storage Eggs.

Recent experiments by the govern-  
ment experts have shown that fresh-  
laid eggs, when promptly stored and  
properly packed in airtight, ideal  
conditions, are perfectly good up to  
three months. After that they come  
to have a peculiar odor which is  
characteristic of stored eggs. When  
seven months have passed, there is  
difficulty in separating the yolk from  
the white, and the latter becomes thin  
and watery. At nineteen months,  
when the egg is cooked, the white is  
pink, and the yolk is much darker.  
Eggs stored for one year lose 10 per  
cent of their weight through evapora-  
tion. Fresh eggs when boiled lose  
weight; storage eggs gain.

Precious Stones vs. Medicine.

A few centuries ago the "apotheca-  
ria" would regularly prescribe the  
various precious stones to be taken  
internally in the form of a powder.  
Pearls were especially popular in this  
respect, being used not only for many  
stomach disorders resulting from  
overeating, but also by ladies in the  
hope of making their skin pearly  
white. However, as the dose was in-  
variably a small one, fatalities rarely  
resulted.

Warships to Fight Fires.

The big battleships of the United  
States are to be used to fight fires in  
cities along the Atlantic coast, accord-  
ing to letters of inquiry received by  
the fire chiefs of those cities from the  
Government relative to the sizes of  
hoses and kinds of couplings in use  
by their requirements.

As all the warships are equipped with  
powerful pumps that can throw large  
quantities of water a long distance, the  
Government proposes to couple these  
pumps to the city's fire hose in case  
any of the vessels should happen to  
be in port at the time of a fire.

## City Council Meeting

### RATE ABOUT 15 MILLS

The regular meeting of the City  
Council was held Thursday night  
last, with His Worship Mayor F. W.  
Galbraith in the chair, and Alder-  
men Lord, Carscallen, Smith, Mc-  
Nair and Groat in attendance.

Mr. Bradford wrote complaining  
that the new cement walk in front of  
his property left him several feet  
above the walk, and he had no  
means of getting into his yard. He  
asked for a square deal from the  
Council.

Mr. Bradford was present, and  
asked that the Council consider his  
case. All he wanted was fair play,  
and he said the Council had always  
given him a raw deal.

Commissioner Stephenson said no  
written complaint had ever been  
sent in before by Mr. Bradford.

On motion, the matter was re-  
ferred to the Commissioners to take  
up with the engineer.

The Merchants Bank wrote, notifi-  
ying the City that the interest rate  
in future would be 7 per cent.

Several communications were re-  
ceived re. delinquencies, and the Com-  
missioners will communicate with  
Wood, Gundy & Co. with regard to  
possible sales.

COMMISSIONERS' REPORT.  
The Commissioners brought in the  
following report: The street crossings have been  
gravelled and fixed up temporarily.  
As soon as the street grading is  
completed, we will have them put in  
better shape.

On Saturday night, June 28th, the  
water in the wells was lowering rap-  
idly. Foreman Milfin was sent for  
and found the end of the suction pipe  
plugged. It was cleared Monday and  
in the meantime water pumped from  
the old intake. It appears that some  
protection should be afforded the end  
of the suction pipe to prevent clog-  
ging.

We have received the catch basin  
tubs, recently ordered, and are hav-  
ing catch basins installed where re-  
quired.

Mayor Galbraith and Alderman  
Bastwick left for Winnipeg on Sat-  
urday last on the C.N.R. right of way  
business. The Mayor returned to-  
day and will report verbally the re-  
sults of the interviews.

The court of appeals on assess-  
ment roll for 1913 has been com-  
pleted. The assessment as finally re-  
vised is as follows:

Gross	5,009,080
Exempt	625,700
	4,383,380
Gross	8,156,160
Exempt	652,250
	7,503,910
Public School	7,347,335
Separate	156,575

We submit herewith statement of  
the Mayor gave a resume of his  
trip to Winnipeg, and said there  
was every indication of an amiable  
settlement of the dispute over clos-  
ing Third Street North by the C.N.  
R. The townspeople promised  
that this street would be left open.  
The Council adjourned at 10.30.

## Family Desertion Will Be Punished by Imprisonment

The financial conditions of the  
last few months, have made it neces-  
sary for the Department of Neglected  
Children to do an extremely large  
amount of work. The work has been  
so extensive that it has almost been  
impossible to cope with the situa-  
tion. During the past three months  
something over one hundred children  
have been placed in foster homes and  
something over six hundred cases  
have been dealt with.

The brunt of the effect of depres-  
sion naturally comes to those who  
are employed on intermittent work  
at low wages with the result that  
there is more or less of a  
tendency to family desertion during  
these times than during more pros-  
perous times of plenty of work and  
good wages.

The problem of family desertion is  
a serious one, and has to be handled  
in a delicate way, as in many cases  
the mother and children deserted are  
anxious that no publicity shall be  
given to the family desertion, and  
thereby many men escape punishment  
which is really their due.

Men who are guilty of family deser-  
tion are liable to prosecution under  
the criminal code, and can be sent to  
gaol for long terms, and it is the  
intention of the Alberta authorities  
to prosecute to the limit those who  
desert their responsibilities in this  
manner.

It is impossible to expect any good  
to come from the cowardly action of  
family desertion. In many cases if a  
little stimulus is used the results  
will be satisfactory in the long run,  
because it will be possible by a cer-  
tain amount of sacrifice to tide over  
the crisis, and in the event of con-  
ditions coming right again, the  
home will be held together and the  
man have the family rights which he  
deserves.

The cowardly action of family deser-  
tion has not yet got for any man  
a large degree of satisfaction.  
Children child thrown on a com-  
munity, in many cases, is possibly  
better off without a father than with  
the stamp of man who is willing to  
desert his responsibilities as a father,  
but in the majority of cases the  
men are stamped by circumstances  
and do not have enough grit to fight  
the situation through. This is an  
unfortunate condition of affairs, and  
it is one which can only be remedied  
by the individuals looking at the  
matter fairly and squarely and re-  
cognizing their responsibilities.

Wives and families as a general  
rule are more than willing to face  
the circumstances to which the  
bread winner is exposed, and to do  
more than their share to keep up the  
family. It is a cowardly action to  
desert a wife and leave on her hands  
a number of children who are help-  
less and dependent.

The circumstances surrounding the  
cases of desertion which have come  
to the attention of this Department  
during the last few months, show  
that the general rule are inexcusable.  
Men who have contracted extrava-  
gant habits in good times, find it is not  
always possible to stop these habits  
and have possibly run into debt and  
finally splashed the country because  
they have become afraid of the con-  
sequences. If a man is honest, and  
fair, there is no reason why he  
should not go to his creditors with a  
fair statement of his condition and  
have the matter properly adjusted.

While the Attorney-General's De-  
partment is more than willing to as-  
sume any responsibilities in cases of  
actual need and child neglect, they  
are determined that the matter of  
family desertion must stop and ex-  
amples be made of those who are  
playing the part of the coward and  
trying by unfair means to throw the  
responsibilities of their families upon  
the shoulders of other people.

## Sells Photo-Pacing Camel

Few people are aware of the fact  
that a swift camel can pace faster  
than the ordinary race horse. The  
Sells Photo circus people, did not  
even know that themselves until one  
of their men one day last winter  
hitched "Asia," the baby camel born  
to the circus two years ago, to an  
ordinary seedling wagon. It was a  
comparatively easy task to break the  
little fellow to harness, and as the  
circus was wintering at Overland  
Park at Beaver, he was jogged  
around the racetrack.

It soon became evident that "Asia"  
was troubled with speed. In a couple  
of weeks he could stride along be-  
side the fast trotters when they were  
jogging a pretty fair clip, and one  
day he was asked to go through the  
stretch at speed. It is claimed  
that those who saw the performance  
that he completed the distance in  
thirty-six seconds, which is a 2-24  
clip. Just exactly what the limit of  
his speed is, has not been ascertain-  
ed, because he is only a two-year-  
old colt. He will be seen, however,  
both in the parade and at each per-  
formance of the Sells-Photo circus,  
when he will appear and give an ex-  
hibition of his speed on the hippo-  
drome.

The Sells-Photo circus is billed to  
visit Red Deer on July 17th. The  
price of admission still remains at 25  
cents, and there are seats this year  
for 10,000.

STAR OF THE NORTH, L. O. L.

NO. 1625

Meets first and third Friday in each month, in the Orange Hall, Third Street North. Visiting brethren welcome.

## After Two Weeks' Desperate Fighting The Bulgarians Are Forced to Appeal to Powers

### VICTORIOUS GREEK AND SERBIAN ALLIES JOIN IN CRUSH- ING ADVANCE ON BULGARIA'S DEFEATED ARMY

#### Roumania Declares War Against Defeated Nation

London, July 10.—At the end of a fortnight's desperate fighting in the Balkans Bulgaria is forced to appeal to the powers to arrange peace. The Bulgarian plan to drive a wedge between the Greek and Serbian armies in the neighborhood of Guebeli has completely failed. The last reports of the fighting received from Athens tonight show that the Serbians and Greeks at this point are combining their forces while the Roumanian army is beginning an invasion of Bulgaria.

The latter fact doubtless was the deciding factor in the Bulgarian appeal to the powers. How far Bulgaria's defeat is due to dissonance in high military quarters, which resulted in the resignation of Gen. Sayoff, and how to the fact that the Bulgarian troops, which bore the brunt of the hard fighting in the last campaign, were more exhausted than the Greek and Serbian forces, will probably never be known.

Nothing can be predicted at the moment as to how events will shape themselves. The Roumanian invasion of Bulgaria having brought an entirely new factor into the problem, Russia and France are devoting their efforts to persuading the allies to adopt a moderate attitude in order to facilitate peaceful settlement. The Serbian premier is quoted in the Vienna Neue Freie Presse as declaring that the new war has completely set aside all treaties of alliance and that peace must now be negotiated on an entirely new basis.

London, July 11.—Rumors were published in Belgrade yesterday, and according to the Daily Telegraph's correspondent at Athens, were current there, that General Ivanoff, with 50,000 Bulgarians, were forced to surrender near Demirhisar, where fighting was proceeding for the possession of a railway bridge over the Strumitsa river. A later Athens despatch to the Telegraph says that no confirmation of this can be obtained, and an official report issued at Athens, although it mentions the fighting at Demirhisar, says nothing of any surrender.

Despatches from the European capi-

als, published in London, severely criticize Premier Danoff's overbearing policy as being the cause of the Bulgarian defeat and his speedy downfall is predicted.

According to the Constantinople correspondent of the Telegraph, Dr. Danoff adopted the same policy with Turkey. The correspondent adds that unless M. Achievitch consents immediately to evacuate the ports, will, after 24 hours, order the Roumanian troops to drive on the Bulgarians.

It is expected that Roumania's first step will be the occupation of the 2,500 square miles of Territory which she claims from Bulgaria as compensation for her neutrality in the late war. This step extends from Turkia to Balteik on the Black sea and includes the city of Silistria.

—

Bucharest, July 10.—The Roumanian government has issued orders to the army to invade Bulgaria tomorrow, and has instructed the Roumanian minister at Sofia to notify the Bulgarian government of this intention.

—

Athens, July 10.—Despatches report the continued pursuit of the Bulgarians and a desperate battle in the passes of Mount Belis and on the main road from Borian to Strumitsa, which resulted in complete victory for the Greeks and the rout of the Bulgarians.

—

The capture of these passes was a disaster for the Bulgarians because it enabled the Greeks to attack the rear of the Bulgarians' fourth army corps. The Bulgarians recently abandoned their position in front of Isthup and fled headlong from the furious assault of the Greek infantry, who captured nine guns. The Greeks pursued the enemy unheeded as far as Strumitsa.

—

On the extreme left the Greeks today attacked the Bulgarians near Demirhisar.

—

Paris, July 10.—The Sultan of Turkey Mohammed V. is quoted in the Temps as follows:

—

"Turkey is resolved to carry out far-reaching reforms, in which

foreign specialists will actively collaborate and which will assure returns to foreign capital. Turkey respected investments during the critical economic situation during the late war, and the capital, which it is sought to interest, will be used in the development of the country.

—

Turkey is not planning for conquest and will devote only indispensable sums to it here."

—

Athens, July 10.—Patriotic donations are pouring into the treasury. The largest of these came from a rich Greek living in Paris, named Zacharoff, who sent Premier Venizelos \$1,200. The Athens newspapers regard the whole Macedonian territory between the Vardar and Struma rivers as now having been completely evacuated by the Bulgarians, and that the Bulgarian army, now in retreat, has been caught between the Greeks and the Serbians.

—

London, July 11.—The King of Roumania has declared war on Bulgaria. The Roumanian minister to Bulgaria has been recalled. The Sofia correspondent of the Times sends this announcement early this morning.

—

Belgrade, July 11.—Reports are current that a great battle is raging around Kestudil, the result of which may have an important bearing on the campaign. It was known the Serbians had established themselves in the Guebeli mountains, when they contemplated an advance into Bulgaria, but it is considered doubtful that the Serbian commanders would attack Kestudil until they had permitted their troops to rest.

—

Late despatches announce that the Serbians, who were pursuing the Bulgarians from Isthup, have occupied Radoviche, where they came into contact with the Greek forces.

—

London, July 11.—A Saloniki dispatch to the Times gives the Sultan's official dispatches in which it is declared a "column of Bulgarians, endeavoring to pass Petrich, was repulsed by the Greeks, who captured fifteen guns."

—

The Serbian occupation of Radoviche is confirmed, and the Bulgarian retreat from Isthup is cut off.

—

SUPERIOR HARD COAL  
FOUND IN ALBERTA.

—

Dr. Reinhart Hoop discovers huge deposits of Anthracite in North.

—

Ottawa, July 10.—It is learned that Dr. Reinhart Hoop, of Oakland, Cal., recently located one of the best coal areas in western Canada on the Sudbury river in northern Alberta about 200 miles north of Edmonton. The fields are located within 40 miles of the main line of the Grand Trunk Pacific, and experts have reported that the deposits are anthracite and superior to Pennsylvania hard coal.

## FATAL ACCIDENT AT GREAT WEST MILL

### O. M. Ness Instantly Killed

Mr. O. M. Ness, head sawyer at the Great West Lumber Co.'s mill at Red Deer, was instantly killed on Wednesday afternoon by a log thrown from the machinery striking across the shoulders and breaking his neck.

Mr. Ness was an expert sawyer, one of the best in the country, and he was making his record run, having disposed of 600 logs in the morning. Shortly after four o'clock a log coming over the carriers got out of position. The saw carriage with Frank Wolcott, setter, and Henry Kelle, dogger, was coming back and Mr. Ness, with one lever, endeavored to straighten out the wayward log and get it into position before the sawcarriage reached it. Ordinarily he could easily have done this, but this time the end of the log did not quite clear, and the dogger, acting like a pivot, caught the log at this end and swung it in an instant's time, up and around, striking Ness across the shoulders, driving him with such force on to the wayward log as to bend the log, without his control, flew along again and crashed into the stop block, hurling Wolcott and Kelle off with such force as to throw one of them sixteen feet. Fortunately, they were not hurt beyond shock and bruising.

Carter Dr. George was called, but after examining the man, he saw no possibility for an impost. The body was taken in charge by Mr. Stone, and Ness' relatives at Calgary, Shoppard and Taroma notified.

The Company lost Ness' loss keenly, as he had been with them five years and was a most valuable and expert sawyer; especially at this time his place will be hard to fill. He was a single man, and had a homestead at Carleton Place in the Ryeon district. This is the first fatality the Company have had at the mill.

## SCHOOL BOARD

At the monthly meeting of the Public School Board, Wednesday evening, there were present Mr. Simpson, chairman; Mr. Munro, secretary; Mr. Carswell, Mr. R. L. Gaetz, and Principal McKenzie. Miss Mildred Allen, of Shady Brook school, and Miss Hazel R. Myers, of Edmonton, were added to the Public School staff to fill the requirements for next term.

Mr. Carswell was appointed chairman pro tem for the summer, during

the absence of the chairman.

The following accounts were passed: H. H. Humber, \$5; Horticultural Society, trees, \$20.00; J. J. McIntosh, supporting piers to wall, \$87.00; C. A. Julian-Sharman, \$22.50; Laird & McKenzie, \$14.65; Philip Galt, supply teacher, \$20.00; Gaetz-Cornett Co., supplies, \$85.63; Day Hardware Co., \$17.18; J. A. Kind, planting trees, \$5.00; N. Murphy & Co., \$5; T. S. Miller, \$2.25; Smith & Gaetz, installing drinking fountains, etc., \$87.18; Western School Supply Co., maps, etc., \$110.50; Red Deer Advocate, printing reports, \$28.75.

## TRIFLES

(By George Matthew Adams)

If you would make of your character a tower of strength, if you would see your business grow steadily and surely, if you would know the really vital, almost priceless secret lack of all success since the world began, all through the minutes, hours, days of your life—

Mind the trifles!

There exists in New York City a store for men that, because of its appeal to particular tastes and styles, has built up a name for "Class" in its line. Recently, because of its reputation, a young man, new to the city, went into the establishment and ordered half a dozen of its shirts. The salesman represented the goods to be the best of their kind and "warranted" them to be as represented. One of the shirts proved defective. The young man sought an adjustment. He received for his trouble a bundle of old excuses. The store sent away a dissatisfied customer—the worst advertisement in the world.

Mind the trifles!

There exists in Chicago another kind of a store that is known wherever merchandise is known. It is the greatest store of its kind in the world. Here is one of the reasons for its marvelous success. In this store a clerk is not allowed to dispute with a customer. If there is dissatisfaction, and it appears reasonable to the clerk, an immediate adjustment is made, even though it may mean a loss to the concern. Trifles—yes, trifles—but attention to them pays the way to wealth, influence and power.

Mind the trifles!

## Visit of Supreme Officers To Lodge Red Deer

Tuesday, July 8th, was a red letter day in the annals of the Lodge of the Sons of England, when the Supreme President and Supreme Secretary paid an official visit.

The guests arrived on the noon train from the Palace Hotel, where they were met by a representative gathering of officers and members of the Lodge, whence they were escorted to the Windsor Hotel, where Bro. Steve Wilson did everything in his power to make them comfortable.

The afternoon was spent in an automobile, taking a trip round the city, with which our guests were very favorably impressed. Later on photos were taken to commemorate the occasion.

At six o'clock the officers of the Lodge met the Palace Hotel, where they tendered a lunch to the supreme officers. Those present at the lunch were Supreme President Bro. Miller, Supreme Secretary Bro. Carter, D. D. Bro. Melloy, P. P. Bro. Beaumont, President Bro. Hadley, Vice-President Bro. Fiske, Secretary Bro. Parley, Treasurer Bro. Ayres, Surgeon Bro. George, Chaplain Bro. Moore, Secretary Bro. Pige, organist Bro. John, Guides Bros. MacDonald and Nash.

The Lodge was opened at 7.35, and the Supreme Officers and P. P. Bro. Beaumont were introduced to the Lodge by P. P. Bro. Beaumont at 8 o'clock. The President made a short and fitting address of welcome, and then called on the Supreme President for a speech.

The Supreme President, on rising, stated how pleased he was to have the opportunity of visiting the Lodge in the West. He gave a short resume of the Order since it started, and showed how it had grown from a few Englishmen getting together in the city of Toronto to its present proportions. He congratulated Alberta on having the first Provincial Grand Lodge in the Dominion of Canada. He spoke very feelingly of the Supreme Secretary, Bro. Carter, and of his devotion and loyalty to the Order.

The funeral fund was at present paying about \$4,000 a month and had on deposit in the Imperial Bank in the neighborhood of \$40,000. The original quarters of the Supreme Lodge were up in some flats on Yonge St., but about six or seven years ago it was decided to buy the present site. They were able to get the property for about \$14,000, and made considerable alterations and additions to it, costing in all some \$32,000. This sum was borrowed from the general fund at 6 per cent., and in December last, he said, he had the honor of signing a cheque for the final payment on the mortgage. The property was now worth, at a conservative estimate, \$100,000, and was absolutely free from encumbrance. He spoke in glowing terms of the beauties of Alberta and the city of Red Deer.

The Supreme Secretary, who is the Grand Old Man of the Order, and who celebrated his 73rd birthday on 30th June last, having spent the last thirty-six years in his present office, was the next speaker.

On rising he was given an ovation that lasted for some minutes, and made a speech that those who were lucky enough to hear, can never forget. He spoke of the advisability of the Supreme Officers visiting the subordinate lodges. He pointed out that we were no longer under their jurisdiction as we had started a Provincial Grand Lodge, and gave us some very sound advice. He showed us how the Grand Lodge had a very hard row to hoe, and how all things we must guard against swelled head. The interests of the Grand Lodge must be the same as the interests of the people they were to govern.

The same thing was applicable to subordinate lodges. Unless the interests of the Provincial Grand Lodge, with those of the members the lodge would be a failure. To be a good president of a lodge, a man must know every member in his lodge, know when he is sick, and above all visit him when he is sick. He pointed out the danger of not showing sufficient interest in newly initiated members. So many of them left the lodge room after their initiation never to return for that reason. Take an interest in them and get them to take an interest in the lodge. When a newly initiated member is given his constitution, give him a proposition paper as well as get him to get it filled out by the next meeting.

He said that the tendency of the Order was to uplift its members, if they followed its precepts. He urged on the members not to look solely at the financial end of it, and only think of how much they would get out of it if they would get sick, but to think more of the other members and see what they can do to help them along. If every member were lives up to the aims and objects of the Society, it will have a far greater power and a mightier influence on the people they are living with. God was accomplished, not by talk, but by example and precept. He strongly urged every member present to set that example.

At the conclusion of Bro. Carter's speech, Bro. Hadley had to leave, and D. D. Bro. Melloy took the chair. He spoke in glowing terms of the Supreme Secretary's speech, and pointed out the necessity of every brother standing shoulder to shoulder at the present time. It was a time to be able to say we were part of the greatest Empire the world has ever known, but we must not lose sight of the fact that with the growth of our Empire our responsibilities increased. Prevention was better than cure, and it was every man's duty to see that we were

ready to prevent trouble.

He then made a presentation of some silver plate to the Supreme Officers from Lodge Red Deer. The recipients suitably thanked the Lodge.

It was decided to frame the page of the Register on which the names of the Supreme Officers were registered, as a memento of the occasion.

At the conclusion Bro. Fiske took the chair and called on the Surgeon and Chaplain for speeches.

A very enjoyable musical programme was then rendered, in which the following members took part: Bro. Webb, John, R. Taylor, Dr. George, Ed. Clarke, Lloyd Williams, P. S. C. At the conclusion Bro. Fiske spoke a few words, and called upon P. D. D. Browne, P. P. Beaumont and Bro. Thurber for speeches. Bro. Ayres moved a vote of thanks to the Supreme Officers for their visit, which was carried unanimously. This historical event in the annals of Lodge Red Deer came to close at 11.50 p.m. with singing of Auld Len's Sun and the National Anthem. The Supreme Officers left on the midnight train for Montreal, whence they proceeded to visit Lodges in British Columbia.

## Corn Growing On The Prairie

A few years ago who would have advocated the growing of corn in Manitoba as a profitable crop, would have subjected himself to ridicule. Experience, however, has taught that corn for fodder may be grown there with undoubted success. This has been demonstrated in a practical manner by farmers in all parts of the province, as well as by the Experimental Farm at Brandon. Moreover, it has been proved that in wheat growing, corn cultivation will give as good results as summer fallow and besides it pays for the use of the land and for the work expended on it by giving a large crop of excellent fodder for cattle and other stock.

At the Brandon Experimental Farm in 1912 a field that grew corn the previous year produced wheat at a cost of 20 cents per bushel to grow and thresh, while wheat grown on other fields following the previous season, cost 43 cents per bushel. Practically the same results were obtained in 1911 from what was grown in the field handled under similar conditions.

This information is clearly brought out in a new bulletin by W. C. McKillop, B.S.A., Superintendent of the Experimental Farm at Brandon, and issued as bulletin No. 14, Second Series, of the Experimental Farms. In this work the most suitable varieties for Manitoba are given, and full instructions are contained for growing and handling the crop, the place it may occupy in a crop rotation, etc. The various machines and implements that may profitably be used are described and many of them illustrated.

The ideal way of storing the fodder is said in the bulletin to be in the silo, because in this way the succulence of the fodder is preserved, the food is more conveniently fed, and the corn is completely consumed and assimilated. It is hoped that the information contained in this publication will be effective in inducing many western province farmers to give corn for fodder a trial, in order that they may learn that by the use of this crop they may greatly increase the crop producing possibilities of their land and render more the profits of their labors.

This bulletin, which is entitled "Corn Growing in Manitoba," has been printed for free distribution by the Superintendent of the Experimental Farm at Brandon and by the Publications Branch of the Department of Agriculture at Ottawa.

## Speedy Firemen From Hat Win Bennett Shield

Lethbridge, July 9.—Medicine Hat firemen made a great showing at the 15th annual provincial firemen's associations' tournament here Tuesday. They sent a speedy bunch of fire-fighters who practically swept the programme and easily won the R. B. Bennett shield, emblematic of the Alberta championship. Four of the firemen were in the morning town, two of which went to the Hat and two to Lethbridge. The Hat victories were in the ladder climbing contest and the wet test.

In the afternoon at the exhibition park track, the athletic events were run off, the Hatters capturing the entire list of eight first prizes. Pincher Creek took second in the dry test, the Lethbridge team losing the hose in their trial. A Taylor and Collier of the Hat won the hose carrying contest. Halfway of the same place was first in the 100 and 220 yards runs, and scored a win in the last lap of the relay race which the Hat team won from the second with Pincher Creek third and Lethbridge fourth. J. Taylor of the Hat won the half-mile race in 2.27, with Francis of Lethbridge second and Beau of Pincher Creek third. The Hat team did the ladder in 20 seconds, half a second ahead of Lethbridge. The conventional relay on Monday night, and Tuesday round up the high performance. The Hat sent up a big bunch of rosters by special car, who endavored to paint the town Hat color Tuesday.

## World Conference on Faith and Order

The Protestant Episcopal Church in October, 1910, appointed a Commission to bring about a conference for the consideration of questions as to the faith and order of the Christian Church, in the hope that such a conference would promote the cause of Christian unity. That commission is inviting all Christian communions throughout the world which confess our Lord Jesus Christ as God and Saviour to unite with the Episcopal Church in arranging for and conducting such a conference. More than twenty such co-operating commissions have been appointed, including all the leading communions in the United States and the Church of England in England and Canada. Invitations are now being sent to the other leading communions outside the United States as fast as the names and addresses of their officers can be obtained. The Episcopal commission is publishing leaflets, explaining the scope and methods of the conference, and giving a list of books on Christian doctrine and those of a letter have been circulated all over the world. The commission is glad to send them free to any one who will apply for them to the Secretary, Robert H. Gardiner, Maine. He has received probably ten thousand, or more, letters on the subject, coming from every part of the world and from members of every communion. Protestant and Catholic. Persons applying are entered on a permanent mailing list, so that they will receive all future publications.

The Episcopal Commission is trying to carry on the undertaking in the spirit of Bishop Brent, who urged at the meeting when the commission organized that the side of organization shall not be made too prominent, but that we shall seek spiritual power. The first step shall be, in a new and full and deep way, to dedicate ourselves to God, free from past prejudices, in order that, so losing ourselves, we may have a spiritual power to apply in a practical manner by means of the lay men and women in Alberta have been brought together, at least to the extent of enrollment on the list, which is arranged geographically so that those who are interested enough in Christian unity to apply to be placed on the list may obtain the names of others in their neighborhood also interested, with whom they can meet for united prayer for the reunion of Christians and for conference as to how it can be brought about. The list includes Disciples of Christ, Episcopalians and Roman Catholics. The Executive Committee of the Commission of the Episcopal Church, which the Rev. W. T. Manning, D.D., rector of Trinity Church, New York, is Chairman, has recently issued a circular letter urging such local conferences.

The world conference may not be held for a number of years, for it will be a long undertaking to get the approval of all the leading communions all over the world, though the project is being received with great cordiality.

## Edmonton Business Men Here August 6th

Edmonton, Alta., July 10.—Preliminary arrangements have been completed by F. T. Fisher, secretary of the Edmonton Board of Trade, for the third annual excursion of business men to the various points of interest in central Alberta, August 4 to 11. The party will be headed by E. H. Cooper, president of the organization. The itinerary is as follows:

August 4—Leave Edmonton, Athabasca, Clyde, Morinville, Edmonton, Fort Saskatchewan, Bruderheim, Lacombe, Chapman, Kundara, Lavoys.

August 5—Lloydminster, Kinsley, Jolay, Vermilion, Minburn, Innisfree, Lavoys, Vegreville, Edmonton, Transfer to C.P.R., Edmonton South.

August 6—Hardisty, Lounsbury, Sidsveick, Killam, Strömme, Dayland, Bawlf, Camrose, Wetaskiwin, Ponoka, Lacombe, RED DEER, Lacombe.

August 7—Coronation, Castor, Gladaby, Stettler, Erskine, Alis, Lacombe, Morning-side, Millet, Ladue, Edmonton South, and return to Edmonton.

August 8—Transfer to G.T.P., Wainwright, Irma, Viking, Bruce, Hilda, Ryley, Tofield, Edmonton North, Stony Plain, Estevic.

August 9-10—Edson, Dunbar, (Warburton), Fitzburg, Tote Jaune.

August 11—Edmonton.

Representatives of the various mercantile houses and manufacturing concerns have made reservations for the trip, the party travelling in a special train. Regarding the excursion, Secretary Fisher said:

"The main object of the excursion is to afford the heads of business concerns of this city, which are actively engaged in trade with the vast extent of country tributary to Edmonton, an opportunity of becoming personally acquainted with the communities in which they are doing business, and of coming into immediate contact with the residents of these districts. It is by this means alone that the wishes of such concerns are enabled to judge of the resources and state of development of the many districts of which Edmonton is the natural distributing centre, and of satisfying themselves whether the volume of business secured by their own houses from any particular locality is adequate. It is also probable that the trip will have a beneficial effect in showing to the residents of the towns in central Alberta that proper interest is taken by the city in the welfare of their localities."

## Conservatives Elected in North Grey, Ontario

On Monday, March 14th, by a majority of 278, North Grey elected Colin S. Cameron, Conservative, over John McQuaker, Liberal. The seat was formerly held by A. G. McKay, who was defeated in Edmonton at the provincial election in April last. This is a severe blow to the Liberal party, who hoped to win this election by a good majority; but the electors did what any sensible person would expect. They were alive to the good work of the Ontario government and deservedly supported it. Sir James Whitney said, "It is a magnificent victory, and a very far-reaching one indeed." N. W. Russell, leader of the Liberal party, lays the defeat of the Liberal candidate to the combination between the Whitney government and the liquor interests.

Found—Small key on ring. Apply at News Office.

## Wedding at Horn Hill

Mr. S. Coleman, of Ramsay, and Miss Blanche Givens were married on Monday, July 14th, at the residence of the bride's parents, Mr. and Mrs. J. Greening, Horn Hill. Rev. Mr. Scallion performed the ceremony. The bride belongs to one of the foremost families at Horn Hill, and was very well known in that district, having resided there for years. The News joins with the young couple's many friends in wishing them the best of good wishes.

## LECTURE ON EXPLOSIVES.

A lecture on explosives will be given in the Oddfellows' Hall on Friday, July 18th, by Mr. McNabb, Inspector of Bureau of Explosives. This lecture will be particularly interesting to C.P.R. officials and workmen, who will be sure to turn out in good numbers. Tradesmen and contractors who are interested in explosives are specially invited to attend.

## Local and General

Jack Irwin was visiting friends in town this week.

Mr. and Mrs. T. Cosgrove and family are returning on Saturday to their homes at Sylvan Lake.

A. Woods returned on Friday from his holidays at Calgary and other points.

Chief Meeres is around on duty again, looking and feeling well after his accident.

Mr. and Mrs. Jewell returned from a pleasant visit to Edmonton on Saturday last.

The Calgary Y.M.C.A. boys arrived on Saturday on the noon train for their annual camp holidays at Sylvan Lake.

The News staff is having a whale of a time in the absence of the editor. Ralph does all the work, but Billy looks most serious.

Ed. Michener, M.P.P., returned home from California on Friday last with Mr. Michener and family, who have all benefited from their stay there.

The Innisfail Fair opened yesterday (Tuesday), continuing over today. Innisfail always has a good fair, and this year is no exception to the rule.

Mayor Galbraith, J. A. Carswell, Mrs. Carswell and Miss Kate Carswell were guests of Mr. and Mrs. W. H. Hadley at Sylvan Lake on Sunday last.

Ronald Pye has started the erection of a fine frame house on his farm at Horn Hill. The farmers at Horn Hill seem to be doing well, several of them building new residences lately.

The hanger for the Red Deer Exhibition is now out. The central figure is a pretty young lady, in riding costume, holding out an apple to her horse. The general design and coloring of the work makes a very bright and attractive hanger.

The staff of the W. E. Lord Co. store, including W. E., intend having a picnic at the Canyon on their weekly half-holiday this afternoon. This half-holiday is very popular with the staff, and other stores ought to follow the good example set.

Wasn't it thoughtful of the people who climbed to the top of the coal chute on the night of the Oklahoma Wild West show. The big show tent had no cover over the arena, and these people got a fine view of the show from their elevated position. Kind of a coincidence they happened to be up there.

Former residents of the Maritime provinces, who have taken up their homes in Alberta, are planning to have a picnic at Red Deer on July 30. The largest number will come from Calgary and Edmonton. There are many former residents of the Maritime provinces here, particularly from Nova Scotia, and the Blues' welcome at Red Deer ought to be a warm one.

The Rocky Mountain House Blind Guide, following its usual line of immaterial editorial, spoiled some good paper with the following last week: "The Red Deer News, for years dragging along behind the times, now goes to the other extreme and comes out with a recent issued June 32." All this because we reversed the figures by mistake in our date line in a recent issue. The editor of the Guide, like some other people, becomes rather fuddled up when talking about things of the past. Since he only became an acquisition to the Mountain House paper a few months ago, just before a general election, he has an awful propensity to be badly commenting on what any paper has been doing for years.

Though the Oklahoma Wild West show drew a fair crowd on Wednesday evening last, some of their actions at the exhibition last week were very unwise if they ever intend coming through this country again. The worst was the holdup just inside the tent. You paid fifty cents to get into the main tent, and then you were stuck for another fifty cents for a reserved seat after you got inside; and they tried to run the show that all seats were reserved. Nobody was admitted to the seats without being asked for fifty cents. If they insisted on a seat, and refused to pay, they were let by; but a gentleman with a lady often preferred to pay the fifty cents to quarrelling over it with the doorkeeper, and a good many were stuck for the extra fifty cents.

A youth who dangles around the News in his spare hours was sent out the other day to see if he could gather a little idea of the growth of the wild fruit crop this year, and he was really surprised at the amount and early development of Saskatoon and wild cherries. About two miles out of town was the extent of his walk, but he was enough to convince him that the wild fruit this year is more abundant than it has been for some years, the Saskatoon trees being loaded with berries, some of them already beginning to ripen. The wild cherries are also very plentiful, though green as yet. These cherries made a very good jam but, having such large pits, are not used as much as they would otherwise be. The strawberries are also abundant, and the earliest ones have been ripe some time. It takes a very good berry to beat our wild strawberries, and lots of children have been out picking lately. The gooseberry yield is also a very good one, any amount being found on the bushes. The raspberry can across a few bushes loaded with hazel nuts, yet in their green state, but he refused to tell anybody where they were.

Lee Maupin, of Calgary, is in the city looking up old friends.

Fred Castle was in town last week visiting relatives and friends.

St. Luke's Sunday School will hold their annual picnic on Thursday week.

Miss Marjorie Mott left on Saturday last to visit her parents at the Coast.

Ed. Michener, M.P.P., was among the spectators at Sylvan Lake on Saturday last.

Mr. and Mrs. Chas. Aiken, of Dresden, Ont., are visiting Mr. and Mrs. S. N. Carswell.

Geo. Bell left last week end for Kamloops to take up a position in the Provincial Police Department.

Greene and White, surveyors and engineers, have entered into partnership and can be found in the Wilkins block.

Repeating Daisy air rifles, hammocks, Chinese lanterns, etraquet sets, flags and school books at John McVicar's bookstore.

Messrs. Bellerby & Rodd, of Red Deer, have secured the contract for erecting and cementing the new school at Corralton.

Waskasoo Lodge of I.O.O.F. are having an installation of officers on Monday, July 21st. All members are requested to attend.

Ed. Denham returned to Red Deer on Monday from B.C. He reports that rain is not a thing of the past only in that part of the world.

The Bank boys will try conclusions with the cricket eleven on Friday evening at 6.30. The game will be played on the public school grounds. Turn out and see a sporting game.

Hadley & Webb have a fine selection of sheet and book music on hand. Repairs of all musical instruments a specialty. Give us a trial.

Miss Gladys Webb, Miss Alice Walker, piano, form the ladies' orchestra at the Empress. Have you heard them?

W. Hogg, of Delburne, was visiting his brother Ed last week, and was accidentally called on W. H. H. for a hat which had something to do with the last election.

The person who left a purse, containing money, in the Empress Theatre last week, can have same by proving identity to A. Forrester and paying for advertisement.

Mr. and Mrs. Waddell, step-father and mother of Geo. Bell, and Mr. and Mrs. Bell, brother and sister, have arrived from Scotland and taken up their residence in Parkvale.

F. Ray and J. A. Carswell are attending the Anglican Synod at Calgary this week. R. E. Skuse, of Edmonton and Chas. Hives, of Carswell, of Penhold, are also in attendance.

His Honor Judge Lees and F. S. Simpson, Deputy Clerk of Supreme Court at Red Deer, are away for five or six weeks, holding court at Athabasca Landing and other northern points.

Just arrived, 40,000 lbs. of Plymouth binder twine, the popular kind. We have the agency and stock of the well known thin stalkers and sweeps, etc. We also have the agency for the high grade McLaughlin's. Give us a call—W. Hammond, Massena-Harris Agency.

The supreme officers of the S.O.E. R. S., at the dinner given in their honor at the Palace Cafe, said that it was the latest spread they had set down to during their visit to the west; and the auto drive, in charge of Bro. Chapman, of the Mechanical Garage Co., was appreciated to the fullest extent.

Owing to so large a number of people being unable to gain admittance to the Empress Theatre on Thursday last, Mr. Forrester has engaged the Webb family to give a second musical entertainment at the Empress Theatre on Friday night, July 18th. A variation will again be presented to every adult lady present as on the first occasion.

Equal prices.

Mr. and Mrs. Street and Miss Street left yesterday to take up their residence in Edmonton. A reception was tendered them in the Parish Hall on Sunday night by a circle of friends, and a programme of sacred music gone through, in which Rev. Moore, R. Thompson, Bro. Taylor, Madame Hope and others assisted with solos. The Street family made a host of friends while in Red Deer, and the best of wishes of all go with them to Edmonton.

The Red Deer Citizens' Band will give their fourth concert of the series on Wednesday evening next, commencing at 7.30 o'clock, weather permitting, on the Dominion Lands Office Square. The soloists will be the following: Chas. T. Ford, cornet; Camille Rivers, baritone; and Wm. Geo. Elam, clarinet. An entertaining programme is being arranged, and will include the old favorite "Broke in the cradle of the deep," as a variation solo by Mr. Camille Rivers.

The fete of the season: Garden party and large supper, price 25c. To be held in the beautiful grounds of R. B. Willette, Esq., Fourth St. N., commencing at 5 o'clock p.m. Attractions as follows: Music, nigger show, songs, fortune telling, croquet and throwing, Old Aunt Sarah's ice cream and home-made candy sale of work. Those that do not wish to partake of supper, 10 cents entrance fee, although this supper will be good. No postponement on account of weather. If wet, this large fete will be held in the Parish Hall. Don't forget the date, Wednesday, July 23rd. All welcome.

R. Trumble, of West Park, leaves for Minneapolis on Monday next.

Mrs. J. A. Markle will not receive this coming Friday or again this season.

Lennie Gaetz left for the Coast on Saturday last on a visit to his parents.

Mrs. Geo. Lindsay and children are spending a few weeks' holiday at Sylvan Lake.

Mrs. Robert Brydie, of Red Deer, and Mrs. Strang, of Calgary, re-moved on a holiday at Sylvan Lake on Monday last.

Don't fail to give the local boys your support for one hour on Thursday night, at the School Grounds, for Hildbury mean to have that Shield if there is half a chance. You will have lots of time to go to the circus afterwards.

The Sells-Floto Circus shows here on Thursday, afternoon and evening, rain or shine. The circus met with the approval of the last season, and no doubt it will be attended by large crowds to-morrow, the admission fee being only 25 cents.

Miss McLennan and Miss Greene left for the coast last week end for a three months' trip. Miss McLennan will be the guest of her aunt, Mrs. Fee, in Vancouver, and Miss Greene will go on to Victoria as the guest of the Misses Brumby.

A garden party, under the auspices of the W. A. of St. Luke's Church, will be held on Wednesday, June 23, in the spacious grounds of R. B. Willette, Esq., Fourth St. North. Supper and a good programme will be provided. Look out for next advertisement for price, etc. Reserve the date, Wednesday, 23rd inst. All are welcome.

## Didsbury here Thursday

The Didsbury footballers will be here on Thursday night to meet the Red Deer United in the Shell Shield Provincial League. This is sure to be a drag-dome game, as the winners will have to meet Calgary or Edmonton for the championship. Didsbury have already beaten Red Deer by the score of 2 to 1, and they think they can do it again. Efforts have been made to have the match played on another date, but Didsbury are holding to July 17th so that they can get out their strongest team. The match will take place at 6.45, so that supporters of the game can get to the arena in good time. It is hoped the Red Deer supporters will turn out in force to boost for their team.

## Installation of Officers

On June 24th the following officers of Knivworth Lodge were installed by R. W. Bro. Botterill, D.D.G.M.: Bro. K. M. Brown—W.M. Bro. J. G. Gillespie—Sen. W. Bro. J. T. Watson—J.W. Bro. G. W. Grange—Treas. Bro. A. H. Gibson—Sec. Bro. D. G. Horn—S.D. Bro. F. Turnbull—J.D. Bro. P. L. Brown—S.S. Bro. G. H. Best—J.S. Bro. A. Moore—J.G. Bro. W. Burns—Tyler.

## A.C.R. STEEL WILL BE LAID THIS SUMMER.

Geo. T. Bury, vice-president of the C.P.R., when in the city assured Mr. Michener that the A.C.R. would be laid this summer. Had there been a delay in getting the steel, it would have been in progress at the present time. Mr. Bury also stated that it was the intention of the C.P.R. to make Sylvan Lake a provincial summer resort.

## BIRTHS.

At Red Deer, on July 6th, to Mr. and Mrs. W. A. W. Hames, a son.

At North Red Deer, on July 7th, to Mr. and Mrs. Stephen Jasper, a daughter.

At Valley Centre, on July 8th, to Mr. and Mrs. Chris. Roxy, a son.

At Trochu, on June 22nd, to Mr. and Mrs. D. G. Conice, a son.

## FIREMEN VS. CALLIES.

The Firemen and Callies played a game with no goals, on Friday night last. The first half of the game was fast and even, but in the second half the Callies tired, the Firemen found most of the pressing, and only the good work of H. G. Scott on full back and Ross in goal kept them from scoring. The Callies were handicapped by being one man short, they had two or three good chances to score in the first half, but failed to connect at the critical moment. However, the Firemen did not have an honest-onset team, and although they made a number of good shots on goal, the game ended a tie, 0-0. Little Roberts refereed.

## GREEN & WHITE, Engineers.

Special attention given Townships, Subdivisions, Landscape Surveys. All kinds of draughting done. Office, Wilkins Block. P.O. Box 502

## LICENSE FOR HOTEL AT SYLVAN LAKE AGAIN REFUSED.

Before the License Commissioners, sitting at the City Hall, Red Deer, July 15th, Alex. Lusselle, of the Alexander Hotel, Sylvan Lake, applied for a license to sell liquors, etc. Objections were made by the Moral Reform League, who were represented by G. W. Greene, barrister. The license was refused on the grounds that it was not needed. This makes Mr. Lusselle's fourth attempt to get a license.

FIRST STREET, SOUTH RED DEER

**GRINDSTONES**  
IT PAYS TO USE GOOD TOOLS but the best is no better than the cheapest when it is dull. A sharp sickle takes half the work off your horses. In fact sharp tools always make easy work and save time and energy. OUR grindstones are easy running, mounted on wood or steel frames, turned by crank or treadle and will put a keen edge on an ax or hatchet, scythe or sickle in a few minutes. WE also have whetstones, and emery stones, as well as oil stones for mechanics' tools. WE price such goods on a mighty close margin, for we sell good tools and want them to do good work.

**The Day Hardware Co'y**  
GO AND SEE RED DEER WEST  
One of these fine evenings go and see Red Deer West.  
\* Note its magnificent situation—close in, convenient, easy of access.  
\* See the pretty new homes that have been built there during the past year.  
\* Take a look at the splendid gardens full of fine, fresh health-giving vegetables.  
\* Talk to the people who live there! Ask them how they like living in Red Deer West.  
Then ask yourself if you can afford to pass up this opportunity to secure such good investment or a beautiful home-site on such remarkably easy terms.

**The Smith Land Co.**  
30 Ross Street, RED DEER

**Elegant CUT GLASS Ware**  
The best home and foreign factories have contributed to our splendid selection of beautiful cut glassware.  
The collection will please your critical taste—every piece and set has been bought to suit your desire. Come in and inspect—it will delight and surprise. We can agree on price.
